*To advance and diffuse the knowledge of physics by providing APS membership to individual physicists in countries with currency and economic restrictions, who would not otherwise have access to them.*

The Matching Membership Program (MMP) was established to provide APS membership to physicists residing in countries with currency restrictions. Under Program guidelines:

1. The term of participation in the MMP is set at four years, after which you will be billed at full member rates.
2. All MMP applications are reviewed before processing. If your application is approved and processed, you will begin receiving *APS News* and *Physics Today* in approximately 1-2 weeks.
3. All MMP participants receive *APS News* and *Physics Today* as part of their membership. While no journal publications (e.g., the *Physical Review* series) are included in the FUND category of the Matching Membership Program, some participants may be eligible to access APS journals for free via other programs. Please visit: [aps.org/programs/international/programs/journals.cfm](http://aps.org/programs/international/programs/journals.cfm).
