

APS Government Affairs

Suggest a Statement, Activity, or Action

Any member can suggest statements or activities. Before doing so, we ask members to consider the following questions:

- Is the proposed statement or activity directly related to physics?
- Does it directly affect the physics community?
- Is it already addressed in [an existing statement](#)?

Proposed statements and activities can be submitted via email: ga@aps.org. Members should be aware that APS does not necessarily pursue all proposed statements or activities. Please provide the following information with your submission:

- Your Name
- Your Email
- What is your suggestion about: Statement, POPA report, other
- Please describe the proposal in a short paragraph (300 words).
- How is the proposal directly related to physics? (100 words)
- Does the proposal address an issue that directly affects the physics community? (100 words)
- Are there existing APS statements that relate to your proposal? Yes or No? If Yes, which ones?
